Constitution

Article I – Preamble

The Graduate History Association (GHA) is an organization of graduate students within the State University of New York at Buffalo. Dedicated to maintaining, supporting, and strengthening the intellectual and social lives of our members, the aim of the GHA is to foster inter-and intra-departmental interactions at UB that further critical historical and interdisciplinary engagement. We are continually striving to create a context through which students in our department can achieve success during their tenure at UB. In supporting such goals, the GHA wishes to build a graduate student presence in the department that creates a beneficial learning and teaching environment for all.
