

Code of Conduct

Hello Prospective Candidates,

First off, allow us to thank you for showing interest in running for one of the Executive Board positions! By following the guidelines in the Code of Conduct and the Election Code, a fair, transparent, and hopefully fun election will be possible for all. For that to happen, we ask that candidates carry themselves in a way that represents the University at Buffalo community, including, but not limited to, honesty, integrity, and trust.

The purpose of the Graduate Student Association (GSA) is to help represent and provide services to the graduate students at SUNY at Buffalo. The members of the GSA include all fee-paying graduate students, with the exception of medical, dental, law, MBA, and SPSA students.

All the positions of the Executive Board are equally important and require people to be dedicated to both the job and their constituents. We hope that you decide to participate in the election and wish you good luck!

Sincerely,

The Election Code Committee
