Article I GSA Senate Membership

Section 1. Representation

- A. All students presently enrolled in the Graduate School who pay the GSA mandatory student activity fee shall automatically be eligible to be Senators of the Graduate Student Association.
- B. The sum total of elected Senators from departmental and other eligible clubs shall constitute the Senate of the Graduate Student Association.
- C. The Officers of the Graduate Student Association should be considered as Senators at Large. On the election of these officers, any vacated departmental Senate seats shall be filled by the corresponding alternates who shall be their departmental Senators.

Section 2. Non-voting GSA Clubs

- A. Any non-voting GSA club may petition the Senate for voting privileges.
- B. The Senate shall determine whether the petitioning group faces distinct enough needs and issues as graduate students to legitimize the group's claim that they cannot be represented through the departmental clubs.
- C. Petitions for voting privileges must be read at the regular Senate meeting previous to the meeting on which the petition is to be voted on.
- D. Petitions must be approved at a regular meeting by 2/3 of Senate members present (quorum vote).
- E. Voting privileges for non-departmental clubs shall be limited to one Senator and one Alternate Senator per club, no matter the number of members of the club.

Section 3. Election of Senators

- A. By Departmental Club
 1. The members of each department shall elect from amongst themselves their Senators by the first month of the Fall semester as instructed (See GSA Constitution Article III, Section 1). In addition to elected Senators and their alternates, elected club officers will be automatically listed as Alternate Senators, and will have full voting privileges (See GSA By-Laws Article I, Section 3, C).
 2. A department having 75 or less presently enrolled graduate students may elect one Senator and two alternates, those with 76 to 175 presently enrolled graduate students may elect two Senators and four alternates, those with 176 to 350 presently enrolled graduate students may elect three Senators and six alternates, those with 351 to 500 presently enrolled graduate students may elect four Senators and eight alternates, and those with 501 or more presently enrolled graduate students may elect five Senators and ten alternates.
 3. Two or more small departments in related fields may join together for the purpose of forming a GSA departmental club upon the approval of a 2/3 vote of Senate members present (quorum vote).

B. By Non-Departmental Club

1. Any non-departmental club shall elect from amongst themselves one Senator and one alternate. The election of officers must be completed by the end of the first month following their Senate approval, unless the club has applied for early recognition. Clubs applying for early recognition in the Spring semester must have elected their officers by the end of September.

C. Voting Privileges

1. Each Senator with voting privileges has one vote at Senate meetings. The alternate has voting privileges only when the corresponding Senator is not in attendance.
2. The alternate shall have the same duties and responsibilities at Senate meetings at which the corresponding Senator is not in attendance.

Section 4. Replacement of Senators

- A. In the case of a Senate seat being unoccupied for two consecutive meetings, without just cause as determined by the Executive Committee, occupiers of this seat (Senator and alternate and their constituency) will be notified by electronic mail of the absence of representation at Senate meetings and the resultant freezing of club funds. Such funds may be freed upon the resumption of attendance at Senate meetings by club representatives.
- B. Actual replacement of a Senator can only be done by the club constituency. A petition to remove by a majority of the voting membership of a club will cause a Senator to be unseated and a new election must be held in that club within two weeks. The unseated Senator is eligible to run in that election.

Section 5. Special Interest and International Clubs

- A. The Graduate Student Association encourages, supports, and sponsors the formation, growth, and activities of clubs that benefit the graduate student community with services not already being provided by the GSA, departmental clubs, or any other organization or group at the University.

- C. The Graduate Student Association Senate has the authority and responsibility to recognize special interest and international clubs, and to ensure that recognized clubs conform to the policies, which it endorses, and to University rules and regulations.
- D. The GSA Senate reserves the right to deny recognition to new clubs or deny continuing approval to existing clubs.

Section 6. Recognition of Clubs

- A. Recognition implies that the club has been incorporated into the Graduate Student Association.
- B. Recognition allows the club to use University facilities, and services such as rental equipment, advisory services, publicity outlets, and to seek funding from the GSA for its activities.
- C. Special interest and international clubs must be recognized by the GSA Senate every year.
- D. It is the responsibility of previously recognized clubs to seek annual recognition.
- E. In order to be recognized, each club must have a President and Treasurer. In addition, GSA recommends that each club have a Vice-President, Secretary, and Senator.
- F. In the event that the Executive Committee revokes a club's recognition, a club may petition the Senate and be re-instated with the support of 2/3 of the Senate members present (quorum vote).
- G. Further requirements for Recognition of Graduate Student Organizations can be found in the Special Interest & International Club Recognition Policy Guidelines.

- E. The election of officers shall be overseen by the Election Committee (See GSA By-Laws Article IV, Section 1, B).
- F. All voting shall be done by secret ballot. The candidate receiving the highest number of votes shall be declared elected. In the event of a tie, a vote of the Senate shall determine the successful candidate.

- G. The officers-elect shall assume their respective positions on June 1st.

Section 4. Impeachment, Removal, Replacement, and Incapacity

A. Impeachment

1. Impeachment may be initiated by a 2/3 vote of Senate members present (quorum vote) at a meeting.
2. When impeachment has been initiated, and while final action is pending, the officer or officers mentioned in these proceedings shall lose the right to exercise any of the duties and powers associated with their office. If the officer mentioned in these proceedings is also serving as the Chairperson of the Senate at the time of impeachment, the Senate shall elect from the willing Senators in attendance a temporary Chairperson whose sole duties will be to chair the meeting during the impeachment and removal proceedings and to conduct the election of Interim Officers should the Senate desire or require such temporary replacements.
3. When an Officer has been impeached, regardless of whether the motion for removal has succeeded or been tabled, the Senate has the option to elect by majority vote Interim Officers who will hold all duties and powers normally associated with the office. These Interim Officers may only be appointed from amongst the willing members of the graduate student body in attendance that have attended and signed in at two Senate Meetings within the past twelve months. They will hold their office only until permanent officers can be elected according to the rules for replacement set forth in the GSA By-Laws, or until their office has been returned to an impeached Officer who has been cleared of the charges against them, or until they themselves have resigned, or until the Senate by a simple majority vote chooses to recall them.
4. Whenever impeachment and/or removal proceedings leave less than two Officers in power, including any offices which may be empty due to matters unrelated to the current impeachment proceedings, the Senate is required to appoint at least enough Interim Officers to assure that two offices are filled. At any meeting thereafter the Senate may reopen the appointment process, including making appointments of Interim Officers to offices left open at previous meetings. No motion to adjourn may be made until a total of at least two offices are filled.
5. If the Senate chooses not to appoint Interim Officers to an open office, the remaining Executive Committee members may either assume the duties and powers of the mentioned offices or appoint a Temporary Officer of their choosing according to rules set forth for Temporary Officers in the GSA By-Laws (See GSA By-Laws Article II, Section 4, C, 4).
6. Upon appointment, an Interim Officer is not required to resign their Senate position, but their voting in the Senate is limited to that of an Officer, not as any club's Senator. An alternate may take their place in the Senate if they were not an alternate themselves.

B. Removal

1. Any impeached officer can be removed from office by a 2/3 vote of the elected Senate (quorum vote).

C. Replacement

1. Replacement of officers who resign during a Senate meeting at which they are being impeached and/or removed from office shall be handled according to the rules that apply to Impeached and Removed Officers.
2. In the case of removal or resignation of any officer, said officer shall be replaced by a vote of the Senate from any willing graduate students in attendance who have attended and signed in at two Senate Meetings within the past twelve months during the meeting at which the replacement election is held.
3. An election to replace a removed or resigned officer may be held at the next regular meeting of the Graduate Student Association Senate provided that a special notice of the vacancy and a call for nominations is included with the regular Senate mailing. The actual notice, meanwhile, shall appear on the GSA website separate from any other Senate business and the news of the vacancy and the call for nominations shall be circulated via electronic mail to the GSA Senate.
4. The Executive Committee may appoint Temporary Officers who will serve with all rights and duties until the next scheduled Senate meeting when permanent replacements can be elected. These Temporary Officers may only be appointed from amongst the willing members of the GSA Senate who have attended and signed in at two Senate meetings within the past twelve months. If a permanent replacement cannot be elected at the next scheduled Senate meeting, the Senate has the option of appointing Interim Officers to all open or temporarily filled offices.
5. Upon election, said officer shall be considered resigned from any and all other GSA Executive Committee offices.
6. If, between Senate meetings, all three Executive Committee offices become simultaneously vacant, the Graduate Student Association's Office Manager shall have the authority to call an emergency Senate meeting and create an agenda for that meeting whose only purpose will be to elect a Senator to chair the meeting and to elect Interim Officers. If the agenda for a regularly scheduled meeting has already been sent, the Office Manager will instead send an updated agenda whose first order of business will be to appoint a Senator to chair that meeting and to elect Interim Officers until a properly-announced election can be held. If the agenda has not already been sent out, the Office Manager will produce and send that agenda, including election announcements for permanent replacements. In cases where such an emergency Senate meeting cannot be held or cannot achieve quorum, the attending Senators may only appoint Temporary Officers who will serve with all rights and duties until Interim or Permanent Officers can be elected.

D. Incapacity

1. When an Officer becomes incapacitated and unable to perform their duties, the Senate has the option to elect by majority vote an Interim Officer who will hold all duties and powers normally associated with the office until such time as the Officer is no longer incapacitated. These Interim Officers may only be appointed from amongst the willing members of the graduate student body in attendance that have attended and signed in at two Senate Meetings within the past twelve months. They will hold their office only until the Officer is no longer incapacitated.
2. Whenever incapacitation of an Officer leaves less than two Officers in power, including any offices which may be empty due to unrelated matters, the Senate is required to appoint an Interim Officer to assure that a minimum of two Executive Committee offices are filled. At any meeting thereafter the Senate may reopen the

appointment process, including making appointments of Interim Officers to offices left open at previous meetings. No motion to adjourn may be made until a total of at least two offices are filled.

3. If the Senate chooses not to appoint an Interim Officer, the remaining Executive Committee members may either assume the duties and powers of the incapacitated Officer or appoint an Interim Officer of their choosing according to rules set forth for Interim Officer in the By-Laws.
4. Upon appointment, an Interim Officer is not required to resign their Senate position, but their voting in the Senate is limited to that of an Officer, not as any club's Senator. An alternate may take their place in the Senate if they were not an alternate themselves.

Section 5. Duties of the Executive Committee

- A. Shall prepare the agenda for Senate meetings.
- B. Shall approve all appointments made by GSA.
- C. Shall be responsible for approving the expenditure of funds by the voucher or PO process. All vouchers must be signed by the Treasurer and the President or an official designee of the Graduate Student Association.
- D. Shall be responsible for the hiring and contractual relationship of Graduate Student Association permanent employees.
- E. Shall be responsible for the annual appointment of the Graduate Student Association staff to realize the goals of the GSA as stated in the preamble. Any student staff position must be held by a member of the Graduate Student Association.
- F. Shall be responsible for the review, sanction, or revocation of club status for all GSA clubs. The Vice-President shall be responsible for such a review, sanction, or revocation aided by the Executive Committee.
- G. Shall receive an annual stipend as specified in the budget, in accordance with Sub-Board I, Inc. accounting procedures.
- H. Officers who in accordance with constitutional responsibility assume the duties of another Officer (e.g., Vice President acting on behalf of the President) shall not be entitled to an additional stipend payment.
- I. Shall be responsible for the day-to-day management of the GSA. In managing the GSA the Executive Committee shall be governed by majority decision, which requires a majority vote of the Executive Committee to make a decision. In the event that a majority of the Executive Committee cannot be reached, the President shall be empowered to make a provisional decision. The matter must then be discussed at the next regularly scheduled GSA Senate meeting where the Senate will have final decision-making authority.
- J. Shall be responsible for the maintenance of GSA funded student programs. GSA program policy decisions shall be governed by the majority decision rules outlined in the previous clause. Additionally, the Executive Committee shall notify the GSA Senate of any and all policy alterations made to GSA funded student programs at the next regularly scheduled GSA Senate meeting. These policy decisions are considered provisionally enforceable until the Senate approves or rejects of the policy decision with an up or down vote. In the event of a rejection

by the Senate of a provisional policy decision, the previous policy is reinstated unless the Senate chooses to adopt a new policy, at its discretion.

- K. Shall be responsible for a smooth transition of duties to the new Executive Committee members, including but not limited to, the keeping of detailed records, updating position duties, and keeping of handbooks.

Article III Meetings of the Senate

- C. A majority vote in the GSA Senate can mandate that a matter be added to a subsequent Senate meeting agenda.

Section 3. Quorum

- A. A quorum for the purpose of convening a meeting shall be a simple majority of the total membership of the Senate.
- B. The membership on which a quorum shall be based is calculated as follows: If a seat is vacant for two consecutive meetings, that seat will be considered on the inactive list and as such will not be counted in the quorum determination. The quorum determination will be made prior to each meeting. Attendance of a meeting by the delegate or alternate of that seat will result in removal of the seat from the inactive list.
- C. For the first meeting of the year (September), if a club has not held elections, the Senator(s) from the previous year will be considered and counted towards quorum.

Section 4: Rules of Order

In its deliberations, the Senate shall be guided by Robert's Rules of Order Revised.

 3. The Senate is the final arbiter of fiscal regulations for the Graduate Student Association.
 - c. GSA Funding Requests: The Finance Committee shall review all club funding requests in accordance with such guidelines that the Committee shall set for itself. The recommendation of the Finance Committee will be made to the Senate, which will make the final decision on funding levels.
